

## THE PRAYER ROAD

### حاجز مدرسة المتنبي

Control point located on the Prayers Road leading from the Qiryat Arba settlement to The Tomb of the Patriarchs. It is designed with the aim of ensuring safe passage from the aforementioned settlement to the Tomb for settlers, who cannot travel by car during Shabbat and other Jewish holidays. From this point up, the road leads to all the settlements located in the northern part of the city. From this point down, the road cuts through the Palestinian neighborhoods of a-Salaymeh and

Aret Jaber and was constructed by Israeli forces in 2003, destroying the urban fabric of the area. The checkpoint used to be especially active on Saturdays, but since October 2015 controls are carried out throughout the whole week. Composed of a road gate restricting vehicle access from the Palestinian neighborhood, soldiers standing next to the gate, and watch point located on the roof of the building on the other side of the street since the time of the Second Intifada.
