

## GILBERT CHECKPOINT

حاجز جبل الرحمة " جيلبرت "

Checkpoint securing the entrance to the last part of the belt connecting all the Hebron settlements, making it another crucial point on the occupational map of H2. Its name – Gilbert – is an acronym of the name of Jabar Al-Rahmeh street leading to Tel Rumeida. It is staffed around the clock by the Israeli military forces. Composed of a metal detector, concrete blocks closing part of the road and soldiers conducting obligatory checks. Supplemented by a cabin located on the other side of the junction controlling pedestrian

movement coming from Al-Shuhada Street. of the junction controlling pedestrian movement coming from Al-Shuhada Street. Since October 2015, the area has been open only for holders of residential numbers. Before October 2015, there was no regular checkpoint, just soldiers carrying out intermittent surveillance. Climbing the road leading directly to the Tel Rumeida settlement is permissible only to members of the Abu Haikal, al-'Aza, al-Khatib and Abu 'Eishah families, whose houses are located there.
